WHO WE ARE

VISION

To empower and inspire elected women to become thought leaders who shape America's future.

The greatest rising force in American politics today is not a political party, nor is it a lobbying community... it is **WOMEN.**

MISSION STATEMENT

The mission of the National Foundation for Women Legislators (NFWL) is to provide strategic resources to elected women for leadership development, exchange of diverse legislative ideas, and effective governance through conferences, state outreach, educational materials, professional and personal relationships, and networking.

NFWL is a non-partisan 501c3, educational foundation for elected women on the state, county, and municipal levels.
