DOMES TOURS

WHAT DOES A DOME TOUR INVOLVE?

An NFWL Dome Tour provides you the opportunity to host a breakfast, lunch or evening reception in or near the state capitol. All elected women in the state are invited to attend. The NFWL Chair and/or another Board Member attends to talk about the foundation and the benefits of participating in our events and programs.

WHY SPONSOR A DOME TOUR?

A Dome Tour offers the exclusive sponsor the opportunity to present information to a group of bipartisan elected women in a safe, informal atmosphere. Presentations are verbal and last about 10-15 minutes. It can address specific legislation or be generic to an issue. Sponsors can hand out information and/or leave it behind. Sponsors are encouraged to network informally with the legislators before and after the presentation.

WHY PARTNER WITH THE NFWL?

Since we do not have dues, the over 5,000 elected women in the US on the state, county, and municipal levels are considered members, receive our communications and are invited to participate in our programs. We are a non-profit, non-partisan 501(c)3 foundation that takes no ideological position on public policy issues. Instead, we serve as a forum for women legislators to be empowered through information, education, and experience.
