

# SUMMITS

## WHAT IS A SUMMIT?

A summit is a one-issue-oriented event that is limited to 30 elected women. The elected women are invited based on their committee assignments, with special emphasis on committee leaders, relative to the issue. Sponsors are encouraged to help form the guest list. Sponsors will provide the dinner speaker, lunch program and topic training session. NFWL will provide the programming for the networking breakfast and leadership training.

## WHY SPONSOR A SUMMIT?

A summit provides you an exclusive opportunity to have one-on-one face time with elected women, concentrating solely on your issue. You can discuss model legislation or resolutions and get valuable feedback, or you can simply educate elected women on your issue.

## WHY PARTNER WITH THE NFWL?

Since we do not have dues, the over 5,000 elected women in the US on the state, county, and municipal levels are considered members, receive our communications and are invited to participate in our programs. We are a non-profit, non-partisan 501(c)3 foundation that takes no ideological position on public policy issues. Instead, we serve as a forum for women legislators to be empowered through information, education, and experience.

**YOU PICK** the location of the summit and the policy topic.
